Business

Psychology

OUR STUDENTS HAVE BEEN ACCEPTED TO THE FOLLOWING UNIVERSITIES

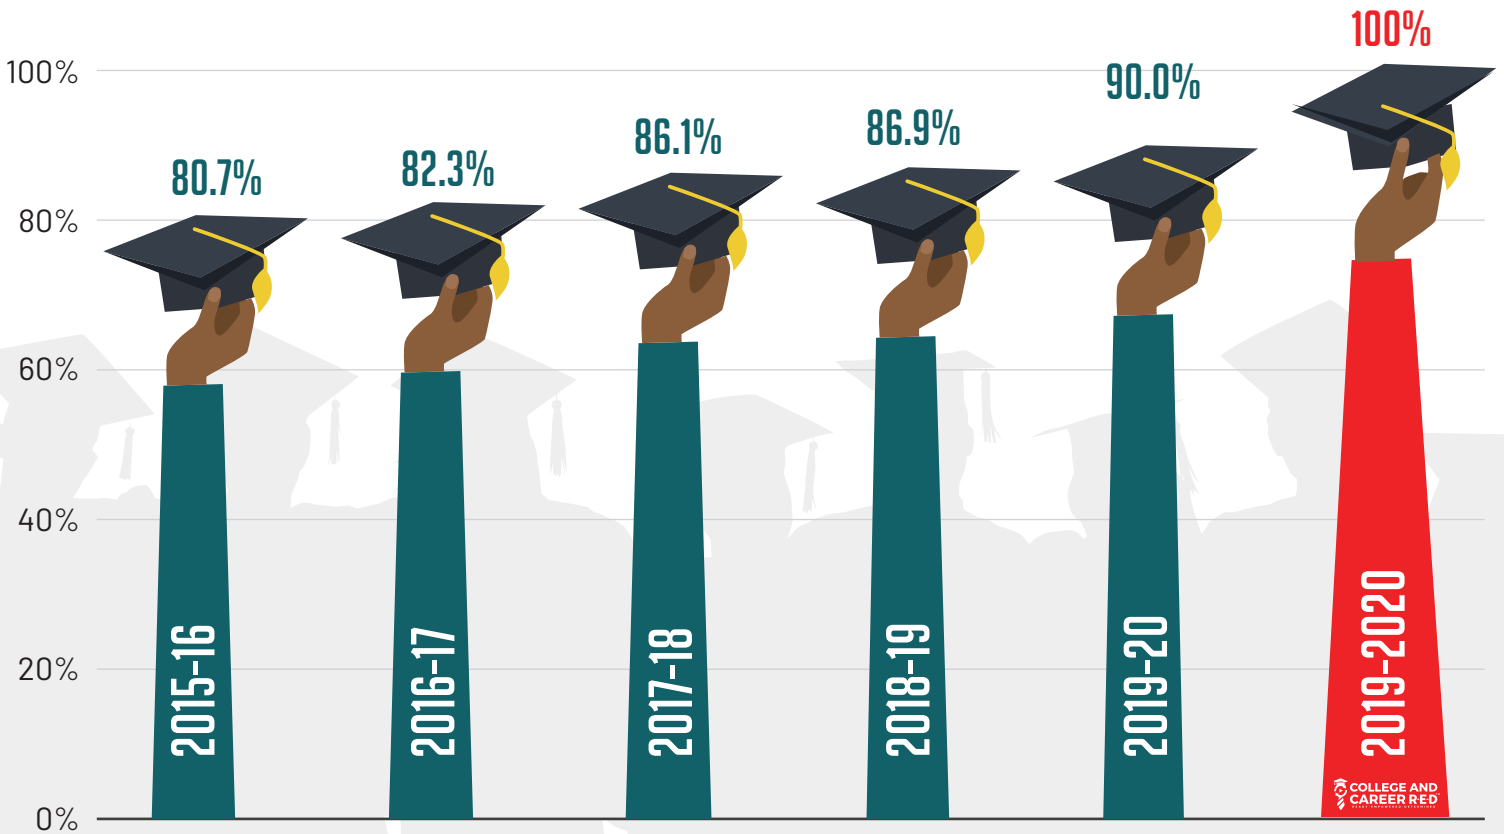

As of April 2021, our college readiness rate in reading is 70% based on the FLDOE's criteria of a **19** ACT Reading or a **430** on the SAT Reading and Writing.

This means that 70% of our students are in a position to be accepted by a college or university based on their college entrance exams. We look forward to sharing our end-of-year college acceptance rate in our 4th quarter report. Last year we had a 93% college acceptance rate for our William M Raines cohort and this year we are on track to increase our percentage rate.

CCD 2020 seniors had a **100%** Graduation Readiness Rate which outperforms the state of Florida's graduation rate over the past 5 years:

LOW PERFORMING SCHOOLS WHO RECEIVE COLLEGE AND CAREER DREAMS PROGRAM

Ribault HS

11th Grade

Ribault MS

8th Grade

Raines HS

12th Grade

Peterson HS

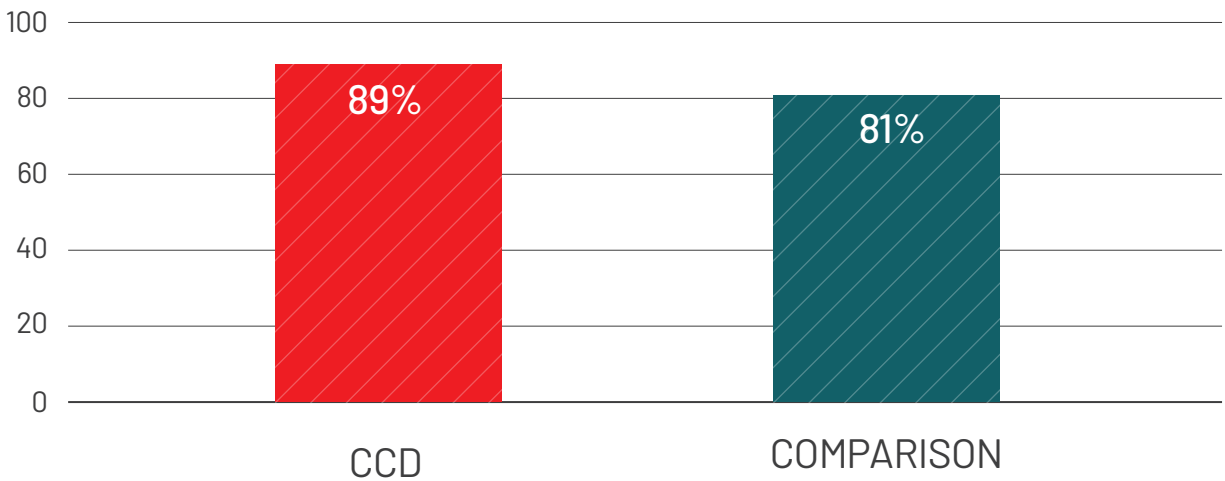

10th Grade

TOTAL

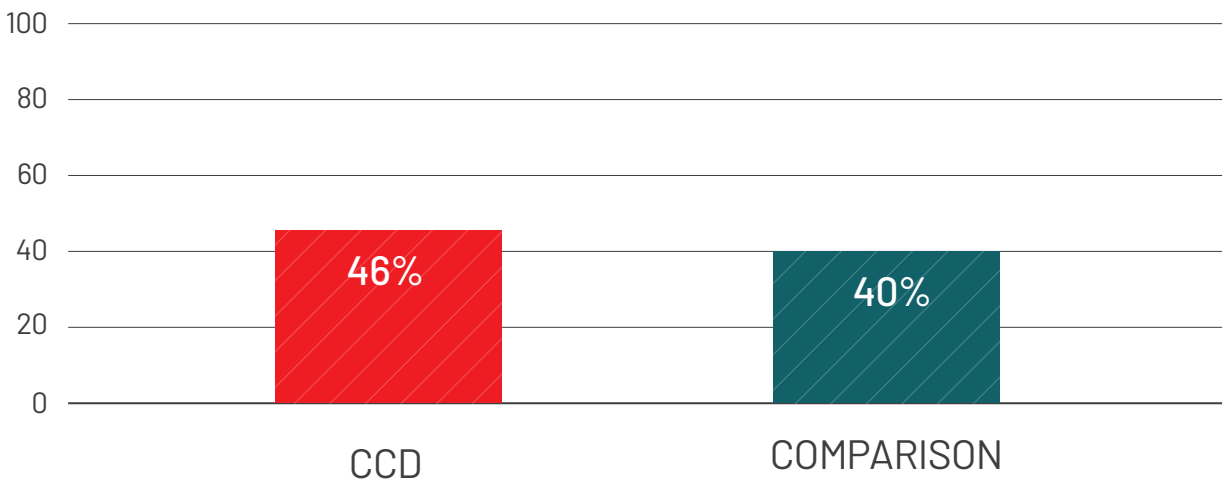

COLLEGE ENTRANCE EXAMS

A greater proportion of the CCD high school seniors took post-secondary readiness exams (ACT and SAT) than the comparison group who attended the same school.

SAT[®]

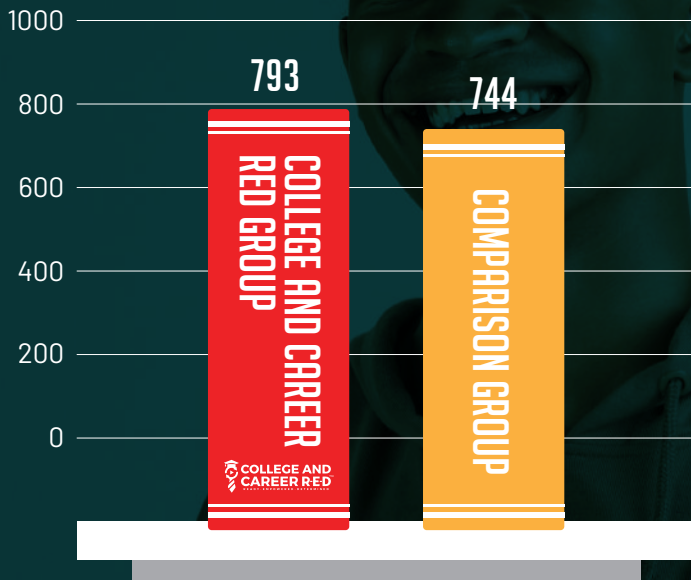

ACT[®]

AFTER STARTING COLLEGE AND CAREER DREAMS:

The CCD student outperformed the comparison group 793 to 744 on the Lexile Reading Assessment, which translates to approximately **a half school year more reading growth** than the comparison group.

Despite starting at approximately the same place, our students improved their reading abilities by **49 more points** than the comparison group in the same time-frame within the same school.

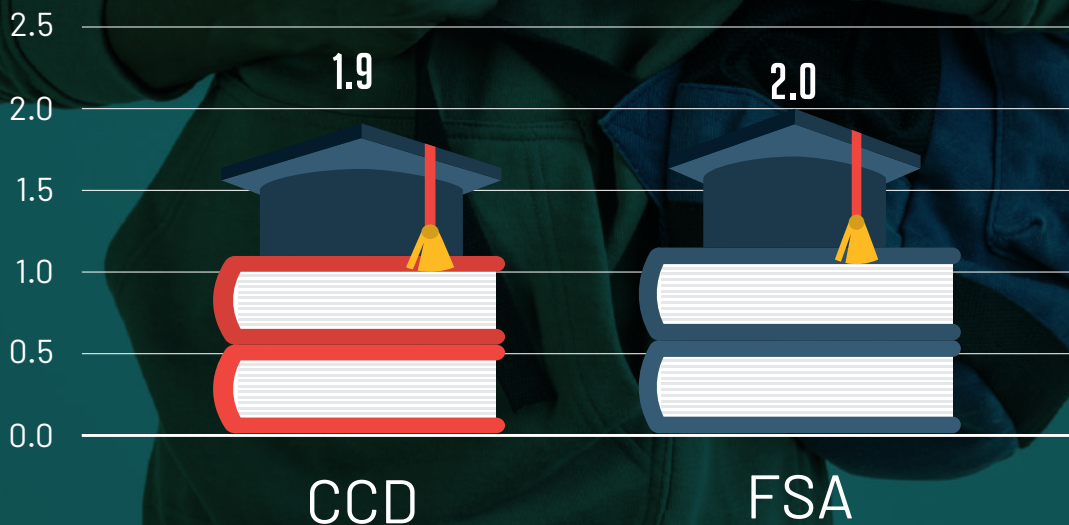

Reading Lexile Assessment is a good indicator of improvements in reading ability and was captured at the mid year point for the students after our program had been in place for about 3 months.

BEFORE STARTING COLLEGE AND CAREER DREAMS :

Schools use the Achieve platform to predict how students will perform on the Florida Standards Assessment. The higher the Achieve Score, the more likely they can predict a student's FSA score.

At the start of the school year, the comparison group of students and the CCD students earned a similar score on the Achieve Platform [comparison is equivalent to a 2 on the FSA and the CCR group was equivalent to a 1.9).

QUOTES FROM THE STUDENTS:

““ What I liked most about this video is that he explains how your GPA can impact you in certain ways and can open opportunities for you.”

““ I liked how they tell us how to become things and what classes will help us become that.”

““ It helps me plan for my future.”

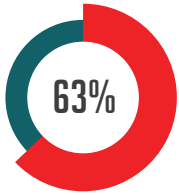

““ [I liked] how he came up with stories to break down the definition of the words.”

““ [The lesson] was inspiring and encouraging.”

““ The thing I liked most about the video is how he explains the difference between fluency, and when he demonstrated how you can be a better reader.”

ALUMNI:

Heard from 19 Alumni

12 OUT OF 19

are currently in college
Majors: Business, Education,
High Performance Technology

8/12

received scholarships

4/12

have not had to take out any
student loans

9/12

who are enrolled in school are
also working while attending
school, 4 of them are working
full time

WHAT WE ARE LEARNING FROM ALUMNI:

Students may have the ability to pay for school via grants and student loans, but some students are working to continue to provide for themselves and their families.

Empowerment increased to the point where they are ready to empower other students—11/19 students wanted to become volunteers.

QUOTES FROM ALUMNI:

Mr. Travis and Mrs. Gigi made a difference in my life by making me go harder on my SAT and ACT test and helping me through the process of apply to colleges and I appreciate them for that."

INTERNSHIP SPOTLIGHT

Kenneth Wilkerson is a CCR Alumni who is a Junior at the University of Florida. This year he was accepted into an early Master's Degree program for international business. Kenneth gives back to CCR by helping with 1 to 1 phone calls, college scholarship search assistance, and content curation for video lessons.
